

LIGHT OF THE VALLEY Lutheran Church

Deacon Mick Hurst, Pastor

To Whom it may concern,

It has been nearly two years since we had Steve Cox and the Marshall Company install new pews for our church. We at that time also had Chancellor Enterprises install for us portable interlocking chairs. Our people have loved the quality & comfort of these products immensely.

The sales representative was forthright, honest and courteous and the installers did their service in a professional & timely manner.

We highly recommend Mr. Cox and his associates.

Sincerely,
Deacon Hurst
