January 30, 2002

To Whom It May Concern:

Our Savior's Lutheran Church has just recently purchased it's second set of pews from The Marshall Company. Our original pews have been in place in our sanctuary since 1993. We are a church whose attendance fluctuates from summer to winter with over 2300 people worshipping every weekend from Nov. through March. The pews in the sanctuary have held up beautifully.

Because of the sturdiness and wear factor, it was a unanimous decision of the furnishings committee to purchase only Marshall pews for our new Chapel, which was completed in November 2001.

The sales representative, Steve Cox, is very knowledgeable of his product and easy to work with. The installers were very professional and knew exactly what they were doing.

We have been extremely pleased with our purchases of Marshall pews and would highly recommend them to any church or organization needing this type of seating.

Sincerely

Jacky Jarrell,
Secretary
